**GET WITH
THE PROGRAM**

**Great benefits from T-Mobile, plus
a \$25 rewards card for each line**

**You can get a \$25 rewards card for every
T-Mobile ONE™ line you activate. Use your
rewards card toward purchase of a new
device or accessories, or apply it to your
bill—however you spend it, it pays to join
the network built for unlimited.**

T-MobileONE™

ALL UNLIMITED

TAXES AND FEES INCLUDED

**Get unlimited 4G LTE smartphone data, talk, and text with no data overages
or bill shock. The price you see is the price you pay—not a penny more.**

On all T-Mobile plans, during congestion the top 3% of data users (>28 GB/mo.) may notice reduced speeds due to data prioritization. Video typically streams on smartphones at 480p. Tethering at max 3G speeds.

Limited-time offers; subject to change. Qualifying plan required. Advantage offer cannot be combined with other discount programs. **AutoPay Pricing** for lines 1-8; without AutoPay, \$5 more/line. May not be reflected on 1st bill. **T-Mobile ONE General Terms:** Deposit and \$20 SIM starter kit may be required. Capable device required for some features. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines) may cost extra. T-Mobile ONE not available for hotspots and some other data-first devices. See a sales associate for details at your location. **Video streams** at up to 1.5 MBps unless you have an HD Day Pass. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. **HD Streaming:** Activate HD feature on T-Mobile app or my.T-Mobile.com. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device. **Tethering:** Tethering at max 3G. U.S. roaming and on-network data allotments differ; includes 200 MB roaming. Service may be terminated or restricted for excessive roaming. For customers in the top 3% of data users (currently over 28 GB per month), primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. **Coverage** not available in some areas; we are not responsible for our partners' networks. **Not for extended international use; you must reside in the U.S. and primary usage must occur on our network.** Device must register on our network before international use. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See T-Mobile.com/OpenInternet for data management details. See **Terms and Conditions (including arbitration provision)** at www.T-Mobile.com for additional information.
